Position Your Organization as a Best Place to Work in Southeast Minnesota

Workforce Development, Inc is once again ready to identify the Best Places To Work in Southeast Minnesota. "Even in this tough economy, there are some great employers in our communities. We want to recognize our best employers and provide valuable data to help all of our employers recognize what they do well and where they have room for improvement", said Jakki Trihey, Workforce Development, Inc.

The Best Places To Work is a national program that recognizes the best employers in local communities. Workforce Development, Inc. wants to survey companies within Freeborn, Mower, Rice, Steele, Goodhue, Olmstead, Houston, Dodge, Fillmore and Wabasha Counties to identify the Best Places To Work in Southeast Minnesota. This is the second year in a row that Workforce Development, Inc. has sponsored this program for Southeast Minnesota.

Workforce Development, Inc. will be recognizing employers in two size categories:

- **Companies with 100 employees or less**
- **Companies with more than 100**

Each local organization participating in the Best Places To Work survey will be asked to complete a 40 question, online survey. Personnel Dynamics Consulting Group, of Florida will collect the information, analyze the data, and provide the results. Every organization participating in the survey will receive a confidential report detailing the results of the survey and identifying what employers are offering in the areas of benefits, training and development, paid time off, performance management programs, growth, advancement and many more. The survey reports on information all business leaders should know. The report is free for every Company that participates in the survey.

The application deadline for the Best Places To Work is October 31st. Those wishing to participate may go directly to www.personneldynamics.net/survey.asp or contact Jakki Trihey, Workforce Development Inc. at 507-529-2701. Contact us today to find out if you are the Best Employer in Southeast Minnesota!
